Dicarre Noble™ Sling 15°

A detailed line drawing of the Dicarre Noble Sling 15 brace, showing the main body, straps, and a large, curved, padded support structure at the top.

DE11
User Guide
Application Instruction

1. The brace is pre-assembled for a right arm. If the arm is applied, detach the sling from the pillow, flip, and reattach. Slip the arm into the sling, ensuring the elbow is firmly in the sling.
2. While supporting the affected arm, slide the forearm into sling. Wrap the adjustable shoulder strap around the neck and shoulders and attach the strap end to the sling using the alligator strap tab.(Fig. 1)
3. Adjust the shoulder strap to the required length.(Fig. 2)
4. Adjust the shoulder pad to the desired position.(Fig. 2)
5. Adjust the sling length by folding back the sling at the wrist. Note:for a small size detach and move the shoulder strap to the wrist.(Fig. 3)
6. Attach the closure strap across the open top of the sling. Position the strap so that it holds the arm securely in the sling. Attach the thumb strap to the open end of the sling between the thumb and fingers.(Fig. 4)
7. If a neutral pillow or 15° abduction pillow is included, place the pillow at the waistline. Attach the sling to the pillow, lining up hook material on the pillow with the loop on sling. Adjust the waist strap to fit.(Fig. 5)
